Dear Sirs:

Pursuant to the provisions of 37 CFR Sections 1.56, 1.97 and 1.98, Applicants submit herewith Form PTO/SB/08A for consideration during prosecution of the subject Application along with copies of foreign patents/applications and non-patent literature documents.

This Statement is filed solely for the purpose of complying with the pertinent rules of the Office and is not intended to be a substitute for an independent evaluation by the Examiner of the art cited or an independent search by the Examiner, and no representation of any nature is made or intended by the filing of this Statement.

In addition to the art cited on Form PTO/SB/08A, Applicants and/or their attorneys may have been exposed to or considered additional art relating to the general class of the subject matter of the invention. However, if in fact such

exposure or consideration has occurred, to the best of their recall or judgment, none of such art is prior art which is more relevant than the art cited.

Applicants do not include copies of the U.S. references as this is no longer a requirement of the U.S. Patent Office.

The fee in the amount of \$180.00 is submitted along with this electronic filing. In the event any variance exists between the amount enclosed and the Patent Office charges, please charge or credit any difference to the undersigned's Deposit Account No. 50-3750.

Applicants respectfully request that the cited references be made of record in the subject application.

Respectfully submitted
